## OBJECTIVE

A technology enthusiast with knowledge in Front-end, Back-end programming, and Debugging. I focus on effective and result-driven solutions to business needs utilizing my theoretical knowledge, professional experience and certifications. Working as a React native and Node JS developer in Sachtech Solution has equipped me with exceptional communication skills, technical competency, conflict resolution skills, team management, and leadership. I won't only bring teamwork, a positive attitude and passion towards the company but also curiosity, commitment and learning desire.
